Dear valued customers:

Winstar were informed by Innolux that they will not produce 10.1" panel EE101IA-01D due to the IC HX8826/HX8288/HX8695 end of life. Until now, we keep pushing Innolux to provide EOL letter and try the available for the LBO chance. We are sorry to inform you this and please kindly understand we are still working on replacement solutions now and will provide replacement plan once available.

Winstar appreciated your support in our products and we will continue to do our best to support and work with you. If there are any further questions, please feel free to contact your service sales window. Thank you!

Best regards,  
Candice Wang
