Notification Subject: Engineering design change of FPC positioning holes

■ Issue Date: October 30, 2025

■ Description :

According to the latest design specifications, add copper foil ring to the FPC positioning holes to prevent them from being torn.

Before change	After change
	

■ Effect of change:

Effected Parts	WEF12864*#K Series 、WEO12864*#G Series 、 WEO12864*#K Series
----------------	--

■ Product switch time:

Switch to using the new version (Positioning hole with copper foil ring) after the current FPC stock is used up.

We appreciate your support and understanding. We will do our best to support you during the transition. If there is any further question, please feel free to contact us. Thank you!

Best regards,

Vincent Lin

Head of Sales Division.
